Formats

Print often allowed for the display of large images but packaging did not always carry over to digital.

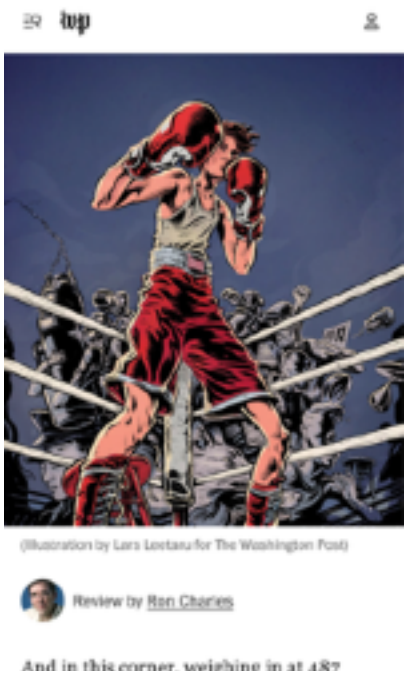

Avoiding duplication of effort was key, along with flexibility in cropping to account for needs of social media and mobile.

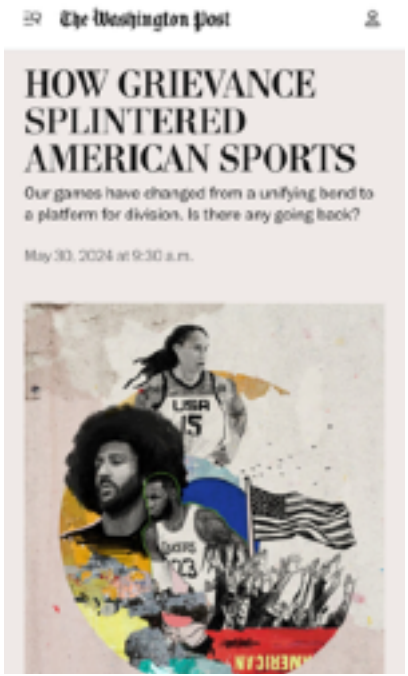

Quick-turn requests

The timing and scale of stories did not always permit commissioning, and budgets had limits as well.

Training designers on “brights” for a special version of the app helped many designers gain expertise in how to do smart, simple illustrations on a tight deadline.
